PROFESSIONAL PROFILE

Software Developer and UI/UX Designer with hands-on experience delivering responsive web applications, contributing to Flutter mobile development, and supporting back-end features. Skilled in React.js, Next.js, TypeScript, Figma, and API integration, combining clean implementation with user-centered design.

PROFESSIONAL EXPERIENCE

Software Developer | Design Ways — **Jul 2026 – Present | Cairo, Egypt**

- Develop and maintain responsive web application features using React.js and Next.js, from implementation through debugging and refinement.
- Contribute to Flutter mobile features and selected back-end functionality, including REST API integration and cross-platform workflows.
- Apply UI/UX design principles and Figma workflows to translate product requirements into polished, accessible interfaces.

Front-End Developer | Bowmen Marketing — **Jan 2025 – Mar 2026 | Cairo, Egypt**

- Built and maintained 5+ marketing web platforms using Next.js and Tailwind CSS.
- Optimized Core Web Vitals and improved performance scores by 30% across company sites.
- Integrated RESTful APIs to deliver dynamic content and improve site functionality.

SELECTED PROJECTS

Parallax | **Next.js, TypeScript, Tailwind, PostgreSQL** | **Live demo**

Built an agency management platform with Kanban project tracking, financial tools, and an automated client portal.

Shot Craft | **React, Next.js, TypeScript, Tailwind** | **Live demo**

Developed an open-source screenshot editor with smart cropping, batch resizing, and ZIP export.

Orenda | **React, Next.js, Tailwind, Framer Motion** | **Live demo**

Created a privacy-focused, on-device assessment app using PHQ-9 and GAD-7 instruments, without data retention.

TECHNICAL SKILLS

Development: JavaScript (ES6+), TypeScript, React.js, Next.js, Flutter, HTML5, CSS3

UI/UX & Styling: Figma, UI/UX Design, Responsive Design, Tailwind CSS, Bootstrap, Framer Motion

Other Tools & Practices: REST APIs, Back-End Development, PostgreSQL, Redux Toolkit, Git, GitHub, Vercel, SEO, Core Web Vitals, Docker

EDUCATION

Bachelor of Business Information Systems (BIS) | New Cairo Academy — **2026 | GPA: 3.44 / 4.0**

PROFESSIONAL STRENGTHS

Problem Solving • Agile Collaboration • Communication • User-Centered Thinking
